UPC: 71549-04305

Hx: My wife developed a rash on her face after using the product three days ago. The rash occurred soon after using the product. Could it be from the product?

A:

- Due to the persistence of the symptom, I recommend medical evaluation.*
- Skin exposure may result in irritation and redness, which should gradually subside following irrigation.*
- Remove contaminated clothing and rinse exposed skin with water for at least 20 minutes.*
- If skin irritation develops, apply cold compresses or vitamin E/aloe vera containing products. Do not apply any creams or lotions to open sores, blisters, or peeled skin.*
- If symptoms persist or worsen over the next 24 hours, seek medical attention.*
- Please call back with any additional questions or concerns.*

8/21/2017 2:42:44 PM Caller Back #1

Spoke with [REDACTED] daughter and left the case # and call back # to see how her mother is doing.
